1. **Home Screen (Dashboard)**

Purpose: The home screen is the entry point where users can see a snapshot of available resources and requests. This screen will also have navigation to other sections of the app.

Elements:

- **Header**: App logo, user profile, settings icon.
- **Search Bar**: To search for resources or requests.
- **Resource Categories**: Buttons or links to categories like food, housing, medical, etc.
- **Active Requests**: List or grid of current needs in the community (e.g., "Looking for groceries", "Need medical supplies").
- **Available Volunteers**: A list of volunteers currently offering help.
- **Call to Action**: A prominent button to "Make a Request" or "Offer Help".

2. Request Form Screen

- **Purpose**: Allows users to submit a new request for help. They can specify what they need, when they need it, and where it should be delivered.

Elements:

- **Title**: "Request Help"
- **Input Fields**:
  - **Need Type**: Dropdown for categories (Food, Housing, Medical, etc.).
  - **Description**: Text box for describing the request in more detail.
  - **Urgency**: Options like "Immediate", "Within 24 hours", or "Flexible".
  - **Location**: Address input field or map-based selection.
  - **Preferred Contact**: Phone number or email input for contact.
- **Submit Button**: "Submit Request"

3. Volunteer Profile Screen

- **Purpose**: Displays volunteer information and allows users to manage their offers.

Elements:

- **Profile Info**: Name, photo, bio, and contact info.
- **Skills/Areas of Help**: List of services the volunteer offers (e.g., grocery delivery, medical supplies, emotional support).
- **Availability**: Calendar or time slots showing when the volunteer is available.
- **History**: A list of requests they've helped with or fulfilled.

4. Resource Listing Page

- **Purpose**: Displays a list of available resources in the community (e.g., food pantries, shelters, medical supplies).

Elements:

- **Categories**: Filter or sort resources by category (e.g., food, shelter, medical).
- **Resource Cards**: Each resource has a name, brief description, and contact details.

- **Search**: Ability to search for a specific resource.
- **Map View**: Option to view resources on a map based on location.

5. Notifications Screen

- **Purpose**: Provides updates to users on their requests, offers, and community news.

Elements:

- **List of Notifications**: Requests for help, volunteer updates, new resources.
- **Push Notifications**: Alerts for urgent needs or available resources nearby.
- **Status Updates**: Notifications for when a request has been fulfilled or when a volunteer is available.
